JOB OPPORTUNITY

Lubambe Copper Mine Limited (LCML) owns and operates the Lubambe underground Copper Mine located in Chililabombwe District of the Copperbelt Province in Zambia. The Mine which commenced operations in 2012 is situated approximately 468 kilometres North of the Capital City of Lusaka, 152 Kilometres from Ndola and approximately 40 Kilometres from Chingola.

Lubambe Copper Mine sits on an area of approximately 58.1 square kilometres and comprises an existing underground mine, characterised by two distinct limbs (the East and South Limbs) and a processing Plant with a capacity to process up to 2.4 million tonnes per annum.

LCML places the highest priority on safety with a world-class safety system in place and understands its obligations to carry out mining in a sustainable manner. Its Corporate Social Responsibility programme focuses on education, agriculture, health, and infrastructure.

At Lubambe we are committed to managing our business in line with our values. As such, we acknowledge that our People are the most important asset to Lubambe and are the key to our success. Where consistent to our business needs, Lubambe is committed to provide employment opportunities, training, and development for our People. We want our People to be successful.

JCHX owns 80% of LCML, whilst ZCCM-IH owns 20% on behalf of the Zambian Government.

LCML seeks to employ an experienced and qualified individual in the following position:

VENTILATION TECHNOLOGIST (X1)

This position reports to the Ventilation Engineer.

Core Purpose of the Position

Plan and ensure implementation of a long- & short-term efficient ventilation system at the mine to forestall safe environmental conditions in working places.

Key Performance Areas/Indicators (KPA/Is):

- Maintain and update Ventsim.
- Conduct Vent simulations for future Primary Ventilation circuits.
- Prepare Blasting Schedule.
- Diesel emissions measurements and compliance.
- Conduct Vent flow surveys.
- Conduct Main fan pressure testing.
- Perform UG Vent audits.
- Mentor and train the Ventilation technicians.

- Conduct Shift boss and PIC training on basic ventilation at training school.

Academic Qualifications and Experience

- Advanced Diploma or bachelor's degree specialising in Mine Ventilation (Engineering).
- Member of Engineering Institute of Zambia (EIZ).
- Minimum of three years underground mining experience in mine ventilation.
- Proficient use of Ventsim Computer software will be added advantage.
- A valid driving licence will also be an added advantage.
- Good working knowledge of the Mining regulations, 1973 part IX.

Applicants who meet the above requirements are invited to send their Curriculum Vitae in MS word format to recruitment@lubambe.com. The closing date for receipt of applications is **Tuesday 12th November 2024**.

Only shortlisted candidates will be contacted.
